

## Compatibility:

When used with ASIAIR, the EAF Pro is compatible with the ASIAIR Plus (RK version)\* and the entire ASIAIR camera lineup.

It is not compatible with the following models:

- ASIAIR (1st generation, Raspberry Pi 4)
- ASIAIR Pro
- ASIAIR Mini
- ASIAIR Plus (CM4 version)\*

\*Note: There are two versions of the ASIAIR Plus. You can identify the version by the IC number on the device:

- Suffix ASIAIRPLUS indicates the RK version (compatible)
- Suffix RPICM4 indicates the CM4 version (not compatible)
